

Dear Client:

This Tax Organizer is designed to help you gather the tax information needed to prepare your 2024 personal income tax return. To help you complete the Organizer with minimal time and effort, when available, you will find certain information from your 2023 personal income tax return.

To protect your privacy, your Tax Organizer contains masked data. Masked data displays as asterisks. For example, a Social Security number could display as ***-**-6789, an account number as *****6789, and a date of birth as **/**/2000. If you would like to confirm the masked data or make a change to your data, please contact this office. Do not indicate any changes to your data on your Tax Organizer. When you receive your completed tax return(s), make sure you review all Social Security numbers, bank account numbers, and dates of birth for accuracy.

Enter 2024 information on the Tax Organizer pages provided. If any information does not apply to you or is incorrect, please delete it or make the necessary corrections.

The Client Questionnaire asks about pertinent tax items necessary for preparing the most accurate tax return possible. Please answer all questions and attach a statement when necessary for additional information not provided in the Client Organizer.

Please answer all applicable questions and use the Notes to Preparer screen to enter additional information not provided in the Tax Organizer. The Notes to Preparer screen is also available for any questions that you may have in our office.

IRS regulations require paid tax preparers who expect to prepare and file 11 or more federal individual, nonresident alien, or trust tax returns to file them electronically. To comply with this requirement your return will be electronically filed this year. The benefits of e-filing include a secure way to file tax returns and it provides proof of acceptance that the IRS has accepted your return for processing. Contact this office if you prefer your return be filed on paper.

The IRS doesn't *initiate* contact with taxpayers by email, phone, text messages or social media channels to request personal or financial information. This includes requests for PIN numbers, passwords or similar access information for credit cards, banks or other financial accounts. Phishing is a scam typically carried out through unsolicited email and/or websites that pose as legitimate sites and lure unsuspecting victims to provide personal and financial information. If you receive such an email from the IRS, forward the email as-is to phishing@irs.gov. Please do not respond to the email unless the email request you send to the IRS has been verified as legitimate. You may also contact our office regarding any correspondence, written or electronic, that you receive from the IRS.
